

# 52" Mixing Paddle

Series 6777

**REMCO**

## One-Piece Construction

Polypropylene one-piece construction is hygienic and FDA-compliant

## Wide and Long Handle

The wide handle allows for an easy grip while the extra length is ergonomically friendly

## Unique Paddle Shape

The paddle shape makes this tool useful as a scraper or as a mixer

This two-in-one tool is handy for both mixing and scraping, and is great for a variety of applications such as soup, confectionery, dough, and sauce manufacturing as well as many other food processing or other mixing tasks. One-piece construction and the unique long-handle design make it easy to use for many jobs. Plastic is a lightweight alternative to metal mixing paddle scrapers, and will reduce fatigue for the user.

## 52" Mixing Paddle

6777

Use this versatile paddle as a scraper or a mixer. The long handle will allow workers to reach the bottom of large vats and the durable one-piece construction will keep the piece mixing and scraping for years to come.

## The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.
