

Softgard

Premium tin overcaps offering elegance and tradition for wine and spirits

Amcor's premium Softgard tin capsule range conveys luxury. Softgard has a long tradition of supporting fine wines and spirits, distinguished by its appealing touch and weight. Intricate designs are possible thanks to Amcor's mastery of printing and embossing techniques. Softgard+ with tear-strip offers an elegant opening system for spirits.

Features

- Four different finishes (matt wax, shiny, powdered or glossy varnish)
- Silk screen and embossed printing
- Preformed shoulders, separation rings
- Non-scuffing paints
- Tear band option for spirits
- Optional blocking rotation system "S+®" available

Key benefits

- Broad choice of finishes to support brand position
- Sophisticated design options with range of colours and printing techniques
- Elegant finish when capped thanks to the preformed shoulders
- Perfect presentation - no scuff marks
- Easy opening for spirits
- system "S+®" reinforced capsules inviolability proof

Applications

Still wine & spirits

Packaging process
