The equipment supplied has been manufactured by Great Engineering PTY LTD
The warranty supplied below is the only warranty given with this equipment.

Customer Services

IMPORTANT

Please complete the attached reply card and return to Great Engineering PTY LTD immediately. If your machine is not registered, there will be a delay in providing service in the event of a warranty failure.
This offer to provide warranty services is limited to equipment manufactured or supplied by Great Engineering PTY LTD. This offer does not apply to any other products or peripheral devices which may have been supplied with your system by your dealer.

During the 12 month warranty period, Great Engineering PTY LTD will effect warranty repair, or at its option, replacement of nominated products at no charge to the owner, should they prove defective in materials or workmanship (proof of purchase required). Warranty service is provided at the Great Engineering PTY LTD Service Centre listed below. This warranty does not include the cost of transportation to or from the service centre.
EXCLUSIONS The above warranty shall not apply to defects resulting from: improper or inadequate maintenance by customer; unauthorised modification or misuse; or improper site preparation and maintenance.

To obtain warranty service, product must be returned to a Great Engineering PTY LTD service centre. Great Engineering PTY LTD may repair on-site at the option of the customer. Customers responsible for travel charges when on-site repair is requested.
Kindly fill in the Serial Number where indicated **. The serial number can be found at the back left hand side of the labeller.
