EASYPEEL

An innovative system that makes opening premium wines easy and safe

I BENEFITS

Preserve
wine-opening traditions

There's no pull-tab, EASYPEEL uses a **traditional wine key**

Quick and clean

- **Safe** and **easy** to open
- Perfect for professionals who open dozens of bottles daily

I FOR THE PERFECT OPENING EVERY TIME:

1. Place the knife on the indicated spot:

2. Detach the top by pulling the knife up and away from the bottle:

3. Remove and discard the top of the capsule:

Control and preserve your capsule's aesthetics

Maintain your brand

- The **discreet** indicator doesn't impact capsule design
- EASYPEEL is used on premium **seamless aluminium capsules**
- Wide range of **premium finishes** and high-resolution silkscreen printing options
- The capsule remains consistently **neat and clean after opening**

Where luxury meets affordability

The aluminium capsules **lower packaging costs** while maintaining the premium appearance of tin

Environmentally responsible

Aluminium is **fully recyclable**
