

Remco

Food Grade Scrapers

Hygiene | Sanitation | Safety

Your Partners in Hygiene

Remco Products offers a variety of FDA-compliant scrapers for all your scraping, bench top and food prep needs. As part of a comprehensive line of hygienic material handling tools, Remco and Vikan scrapers are designed to minimize the risk of cross-contamination in wet or dry food processing. One-piece construction helps eliminate areas for bacteria to hide in and multiply. The scrapers are also chemical resistant and autoclavable. Available in a vast array of colors, these scrapers support color-coding programs and hygienic sanitary and safety procedures throughout food processing facilities.

Floor and Handle Mounted Scrapers
